WEATHER ADVISORIES

At selected locations in and near boating areas, storm advisories are displayed by flag hoists or lights. Display points are usually Coast Guard stations, yacht marinas, or municipal piers. A boater should become familiar with the display stations in the area and the meanings of the signals.

Daytime Signals	SMALL CRAFT Winds up to 38 mph	GALE Winds up to 54 mph	STORM Winds up to 73 mph	HURRICANE Winds 74 mph and up

0 - 38 mph	ADVISORY ONLY (Boaters to use caution, warning only) The flag is usually posted between 25-38 mph, depending on conditions.
38 -54 mph	GALE WINDS. Windsurfers and other SAILCRAFT allowed. Jet ski's and other vessels with less than six inches of free-board are not allowed. Rental fishing boats fall under this category.
54 mph-up	LAKE CLOSURE. No boats, windsurfers, sailboats or jet ski's allowed until lifted. Flag is square with black square in the middle.
